

The Directors of the Plum Creek Conservation District will meet in a public session on March 20, 2018 at 1:00 p.m. at the offices of PCCD, 1101 W. San Antonio St., Lockhart, Texas.

**The Directors will discuss and possibly take action on the Groundwater Management Area 10 Proposed Desired Future Conditions and Relevant Aquifer Designations as listed below.**

1. Freshwater Edwards Aquifer in the Northern GMA Subdivision:
  - a. Springflow at Barton Springs during average recharge conditions shall be no less than 49.7 cfs averaged over an 84 month (7-year) period; and
  - b. springflow of Barton Springs during extreme drought conditions, including those as severe as a recurrence of the 1950s drought of record, shall be no less than 6.5 cfs average on a monthly basis;
2. Saline Edwards Aquifer in the Northern GMA Subdivision:

No more than 75 feet of regional average potentiometric surface drawdown due to pumping when compared to pre-development conditions;
3. Freshwater Edwards Aquifer in the Western GMA Subdivision:

The water level in well 70-38-902 shall not fall below 1,184 ft mean sea level;
4. Trinity Aquifer, in the hydrologically confined zone downdip of the Trinity outcrop:
  - a. Outside of Uvalde and Bexar Counties: Average regional well drawdown not exceeding 25 feet during average recharge conditions (including exempt and non-exempt use)
  - b. In Uvalde County: No (zero) regional well drawdown (including exempt and non-exempt use)
  - c. In Bexar County: Non-relevant for joint planning purpose
5. Austin-Buda Limestone Aquifer(s), relevant in Uvalde County only:
  - a. Buda Limestone: No drawdown (including exempt and non-exempt use)
  - b. Austin Chalk: No drawdown (including exempt and non-exempt use)
6. Leona Gravel Aquifer, relevant in Uvalde County only:

No drawdown (including exempt and non-exempt use)

Groundwater conservation districts located wholly or partially within Groundwater Management Area 10 include: Barton Springs/Edwards Aquifer Conservation District, Comal Trinity Groundwater Conservation District, Kinney County Groundwater Conservation District, Medina County Groundwater Conservation District, Plum Creek Conservation District, and Uvalde County Underground Water Conservation District.

Members of the public are invited to attend and provide oral comment, testimony, and/or submit other documentation and information relevant to the Proposed DFCs and Relevant Aquifer Designations to the Board of Directors.

If unable to attend the Public Meeting, members of the public are invited to submit written comments, testimony, and/or other documentation and information relevant to the Proposed DFCs and Relevant Aquifer Designations to the Board of Directors at the District Office located at:

Plum Creek Conservation District  
Attn: Executive Manager
