PRODUCTION PERMIT CHECKLIST

EXISTING WELL

To obtain a Water Well Production Permit for an Existing Well based upon its Historic use the following additional information shall be provided to the District on forms provided by the District:

- 1. Name and mailing address of the applicant/registrant and, if different, the owner of land on which the well is or will be located.
- 2. If the applicant/registrant is other than the owner of the property, documentation establishing the applicable authority to construct and/or operate on the property described in the application for the proposed use.

3. The location of the Existing Well or the location where a new well, test well or test hole is to be drilled in sufficient detail to allow the District to locate the placement of the well with reference to property ownership records and location from access points.

4.

	amount of water to be used for each purpose, and the estimated rate at which water will be produced from the well.
5.	An acknowledgment by the applicant/registrant that required information in any Operating Permit will be furnished to the District by the applicant/registrant upon completion of the well(s) and prior to production of water therefrom under any Operating Permit.
6.	A water conservation and drought contingency plan, or a declaration that the applicant/registrant will comply with the District's Groundwater Management Plan.
7.	A water well closure plan, or a declaration that the applicant/registrant will comply with well plugging guidelines and report closure to the TCEQ and the District.
8.	For Well Fields the following additional information: (i) the total number of wells within the Well Field; (ii) the location of each well within the Well Field; (iii) the cumulative maximum production limit from all wells in the Well Field; (iv) the anticipated maximum instantaneous production rates for each well in the Well Field; (v) the proposed construction completion date for all wells in the Well Field, including the construction completion date for each Well in the Well Field if available.

A statement of the nature and purpose of the existing/proposed action, the
