

# 2023 Notice of Tax Rates Supporting Groundwater Management Activities in Plum Creek Conservation District

Property Tax Rates in Plum Creek Conservation District. This notice concerns the 2023 property tax rates relating to groundwater management activities of Plum Creek Conservation District. This notice provides information about two tax rates. The no-new-revenue tax rate would impose the same amount of taxes as last year if you compare properties taxed in both years. In most cases, the voter-approval tax rate is the highest tax rate a taxing unit can adopt without holding an election. In each case, these rates are calculated by dividing the total amount of taxes by the current taxable value with adjustments as required by state law. The rates are given per \$100 of property value

**This year's no-new-revenue tax rate:** \$0.0146/\$100

**This year's voter-approval tax rate:** \$0.0150/\$100

To see full calculations, please visit <http://pccd.org/news-notifications> for a copy of the Tax Rate Calculation Worksheet

This notice contains a summary of the no-new-revenue and voter-approval calculations

Name of person preparing this notice: Daniel Meyer

Position: Executive Manager-Plum Creek Conservation District
